iVision Listed at #6 on the Association for Corporate Growth's Georgia Fast 40 Ranking of Fastest-Growing Middle-Market Companies

ATLANTA, July 1, 2011 5pm (EST) – iVision, Inc., the technology integration and transformation engineers, today announced the firm's inclusion at #6 on the Georgia Fast 40. The annual ranking from the Association for Corporate Growth – Atlanta Chapter (ACG), and Cherry, Bekaert & Holland, LLP (CB&H), recognizes the state's top-40 fastest-growing middle-market companies.

"iVision is honored to be included on this year's ranking," says Gabe Damiani, co-founder and chief executive officer of iVision. "Our team's consistent track record of exceeding our clients' expectations has enabled us to increase our annual revenue by 7,000 percent between 2004 and 2010. Being part of the Georgia Fast 40 recognizes the tremendous, collective accomplishments of our talented, service-minded team members."

The Georgia Fast 40 is presented annually by the Atlanta Chapter of the Association for Corporate Growth (ACG Atlanta) and Cherry, Bekaert & Holland, LLP (CB&H). The award honors those middle-market companies headquartered in Georgia that have demonstrated the greatest growth in revenue and employees over the last three years. Winning companies are featured in the July issue of Georgia Trend magazine.

In order to be eligible for the Georgia Fast 40, nominated companies must have between \$15 and \$500 million in annual revenue. The ACG selects the top-40 companies based on their ability to drive sustained revenue and employment growth over a three-year period, with a greater emphasis placed on the most recent year.

"Of the thousands of mid-market companies operating in Georgia, we are thrilled the ACG's Atlanta chapter has recognized iVision as the sixth top-performing company in the category," says Damiani. "We look forward to our continued success in the second half of 2011 and beyond."

About iVision

iVision, the technology integration and management firm, was founded in 2004. Headquartered in Atlanta, iVision designs, selects, builds and manages next-generation IT infrastructures and application solutions. Between 2004 and 2010, the firm has experienced exponential growth, increasing annual revenue by more than 6,900 percent. The firm engineers success for its clients through objective recommendations, delivery expertise, best-of-breed guidance and a diverse network of partners.

About Georgia Fast 40
